## **DETAILED ACTION**

### ***Information Disclosure Statement***

1. The information disclosure statement (IDS) submitted on 11/2/04 is being considered by the examiner. All non-patent literature references (A18-A29) have been considered. U.S. Patent documents A1-A17 have been crossed off of this IDS as those references have already been considered in a previously submitted IDS.

### ***Response to Arguments***

2. Applicant's arguments, see pages 10-11, filed 11/2/04, with respect to claims 1-28 have been fully considered and are persuasive. The rejection of claims 1-28 has been withdrawn.

### ***Allowable Subject Matter***

3. Claims 1-28 are allowed.

4. The following is an examiner's statement of reasons for allowance:

Barrett discloses a pulse positioning system having a time layout where pulses may be placed within a portion of a frame, but not within a reset time of the frame. The prior art of record thus fails to teach specifying pulse positioning over time in accordance with contiguous repeating time layouts where pulses mapped to the layouts can be placed at any location within the contiguous repeating time layouts.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
